MATRIX

Bluetooth Hands Free

The BLU Logic^{®1} hands-free system integrates with the factory audio system to initiate and answer cellular phone calls, enabling cell phone use that is essentially "hands free". Owners can listen to incoming and outgoing cellular calls through the front factory speakers and a small microphone is designed to capture the voices of vehicle occupants. Incoming calls are answered with the push of a button. Outgoing calls are placed by cellular phone dialing and speaking into the fixed microphone provided. The sound level of incoming calls is easily adjusted up or down with simple, clearly identified button functions.

BLU Logic conflicts with: 1) **Audio with JBL is a conflict.** 2) Factory audio with embedded Bluetooth is a conflict. 4) Please confirm that a knock-out plate is available in the vehicle to mount the switch prior to ordering. This part number does not conflict with satellite radio. Navigation has no conflict for the Matrix.

Cargo Net

Custom-crafted for the vehicle cargo area, the floor mounted cargo net is designed to hold a variety of everyday items and ensure they don't shift around or tip over. The cargo net features a zipper-style closure and durable netting that attaches to defined points in the rear cargo area, making it easily accessible. The cargo net can be installed or detached in seconds, and folds flat for storage when not in use.
