ADD MORE TIE DOWN CLEATS, OR A BIKE FORK  
MOUNT FOR YOUR DECK RAIL!

**\$42 EACH**

**\$45 PAIR**

**\$95 EACH**

Tundra owners can enhance the functionality and versatility of their truck bed by adding tie down bed cleats, accommodating a maximum load of 220 pounds apiece. Constructed of sturdy die-cast aluminum, each tie down bed cleat slides along the Tundra deck rail system using a steel locking plate to hold it securely in place.

The set of two fully adjustable, mini tie-downs with hooks add yet another level of flexibility to the truck bed. Manufactured from durable black nylon plastic, each D-ring tie-down holds a maximum load of 110 pounds and slides along the truck's bed rail system providing additional attachment points to help keep cargo secure, while preventing sliding or tipping of items in truck bed.

The locking bike attachment is custom-designed for a precise fit to the Tundra and Tacoma's deck rail system, providing a secure mount for carrying a bicycle in the truck bed. The attachment mounts to the front deck rail and allows owners to position a bicycle's front forks in its locking skewer to help ensure against theft.

\*DOUBLE CAB ONLY

An elastic-mesh, envelope-style cargo net attaches to points in the rear bed and holds objects of various shapes and sizes so they don't tip or roll around.

Designed specifically for the Tundra CrewMax, the set of two seat back cargo nets features simple, secure attachment to the backs of the rear seats using the provided Velcro straps. Manufactured from sturdy nylon netting material, the nets offer a convenient storage option for smaller items, adding to the vehicle's utility. The nets feature a zippered side opening at the outboard sides of the rear seats, so each is easily accessible simply by tilting the rear seats forward or folding the seats down.

The custom-molded black plastic under seat storage tray is designed specifically to fit under the rear bench seat of the Tundra Double-Cab. The tray provides spacious, secure storage for everything from tow chains, tools and jumper cables to rain gear and athletic equipment—and includes a securable lid to keep items in place.
