BLUETOOTH HANDS FREE CALLING

The BLU Logic^{®1} Hands-free System integrates with the factory audio system to initiate and answer cellular phone calls, enabling cell phone use that is essentially “hands free.” A small microphone designed to capture the voices of vehicle occupants is provided, while owners listen to incoming and outgoing cellular calls through the front factory speakers. Incoming calls are answered with the push of a button. Outgoing calls are placed by cellular phone dialing and speaking into the fixed microphone. The sound level of incoming calls is easily adjusted up or down with simple clearly identified button functions. The system also delivers music streaming capability on most enabled phones.

BLU Logic conflicts with: 1) Audio with JBL is a conflict or 2) Audio with Navigation is a conflict. Please confirm that a knock-out plate is available in the vehicle to mount the switch prior to ordering. This part number does not conflict accessory satellite radio.

DOOR EDGE GUARDS

Help protect the vehicle's vertical door edges from dings and paint chips with exclusive, body color-matched Genuine Toyota Door Edge Guards. Offering affordable protection, these Door Edge Guards help preserve the vehicle's like-new appearance while seamlessly blending into its sleek, streamlined styling. Constructed from roll-formed 400 series stainless steel, which is stronger than typical steel, these Door Edge Guards are encapsulated in body color-matched Thermoplastic Compound (TPC) to help prevent any metal-to-metal contact between the guard and the door edge. Engineered for easy installation with no surface preparation needed, the Door Edge Guards are custom fabricated for a perfect fit to the door edge contours. They employ a compression fit for secure adhesion without the need for chemical adhesives or mechanical fasteners—plus, installation is quick and easy. They can also be removed with no consequential damage. Constructed to meet Toyota's rigorous engineering standards, Genuine Toyota Door Edge Guards resist cracking, fading and peeling, plus, they can help maintain resale value.

TOW HITCH

Every Genuine Toyota tow hitch features a model-specific design that's precisely engineered to achieve the vehicle's safest maximum tow rating. The tow hitch mounts to the frame of the vehicle as part of the complete Toyota towing system and is subject to an uncompromising design, testing and manufacturing process. By the time Toyota puts a towing system on a vehicle, each of its components have undergone extensive analysis and testing in order to ensure its capabilities.

- Towing capacity rating is 3500 lbs for V6 vehicles with trailer tow option and 2500 lbs for L4 vehicles with trailer tow option.

VENZA

REMOTE START W/ SMART KEY

The VIP Remote Engine Starter allows vehicle owners to start the engine before entering the vehicle—as well as to activate the air conditioner, heater, defroster and defogger functions—so owners can have their vehicle ready and waiting with a comfortable interior temperature. And because it's fully integrated into the vehicle's existing factory security/keyless entry system, there's no need for an additional remote. The remote engine starter is operated by pushing the "lock" button on the keyless entry fob in a quick, three-step sequence: (1) push and release "lock" button; (2) push and release "lock" button again; (3) then push and hold "lock" button for three seconds—and the engine starts. The engine can also be stopped remotely by pushing the "unlock" button once, or by pushing and holding the lock button for two seconds or more.
